Dear Sir,

Sub: Internship for First year B.Voc. Technology in Electrical and Electronics devices - 2018 -21 batch students – Reg.

We wish to inform you that Sri Ramakrishna Mission Vidyalaya College of Arts and Science, DDU-KAUSHAL Kendra, Coimbatore is conducting Bachelor of Vocation courses in (Technology in Electrical and Electronics devices).

As a part of curriculum of this course, the students are expected to undergo internship training for nearly 12 months.

As per our academic schedule, we have planned to send our students for internship training to your esteemed concern from 02/12/2019. During the internship students are expected to attend the class on our campus on every 2nd and 4th Saturday with your permission.

In this connection, we assure you that our students will abide by the rules and regulations of your concern. Our staff members would visit your company frequently to monitor students' performance.

In this regard, you are requested to give the stipend amount of those students as a cheque in favour of Ramakrishna Mission Vidyalaya.
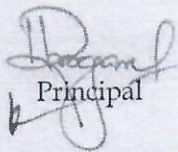

Total number of students (2018-21 Batch): 05

Along with the letter we are enclosing the students name list for your reference.

An early confirmation in this matter is requested.

Thank you,

Yours faithfully,

Principal

A Hands-on Training on "MATLAB" from 29.02.2020 to 02.03.2020

Report

The Department of Mathematics organized a three-day Hands-on Training programme on MATLAB to the students of Pioneer Kumaraswamy College, Nagercoil from 29.02.2020 to 02.03.2020. The Hands-on training was aimed to familiarize the available tools in MATLAB and in order to solve matrices, linear algebraic equations, statistical analysis, numerical ordinary differential equations and integration.

On 29.02.2020, the programme was started with prayer. Dr. R. Thangavel, Principal, welcomed the gathering. Dr. R. Murugesu, HoD of Mathematics delivered the special address on the role of MATLAB package in Mathematical applications and research domain. Dr. S. Muthukumar, Assistant Professor of Mathematics rendered the formal vote of thanks.

Introductory Address HoD Of Mathematics

Day-I 29.02.2020

Session I: 10.45am to 12.45pm.

Dr. S. Muthukumar, Assistant Professor, Department of Mathematics, delivered a talk on **MATLAB windows, I/O, File types** along with hands-on training.

Introduction to MATLAB and its files types- Dr. S. Muthukmar

Session II: 02.00pm to 4.45pm

Dr. M. Sivabalan, Assistant Professor of Mathematics, DDU KAUSHAL Kendra was explained the methodology to solve **Matrices and Vectors through MATLAB** followed by hands-on training.

Day-II 01.03.2020

Session-I: 09.30am to 01.00pm

Dr. R. Nirmalkumar, delivered a lecture on **Solving Linear Algebraic equations & Statistics problems through MATLAB** along with hands-on training.

Session-II: 02.30am to 04.45pm

Sri M. Sivabalan, Assistant Professor in Mathematics, DDU KAUSHAL Kendra, delivered a talk with demonstration on **Script and Function Files.**

Day-III 02.03.2020

Session-I: 09.30am to 01.00pm

Dr. R. Nirmalkumar, delivered a lecture with hands-on training on **Solving Integration & ODE by MATLAB Solver and Simple plots using MATLAB.**

Session II: 02.00am to 2.30pm.

Finally, an examination was conducted in order to evaluate the acquirement of knowledge on MATLAB. The feedback on the programme was also collected from the participants.

Valedictory function:

Dr. K. Sathiyanathan, Associate Professor of Mathematics welcomed the gathering. Swami Nirmaleshanda, Secretary, distributed the certificates. Totally Twenty two students and two faculty members completed the course successfully. Finally, Dr. R. Murugesu, organizing secretary of the programme delivered the formal Vote of Thanks.

Matrices and Vectors in MATLAB- Dr. M. Sivabalan
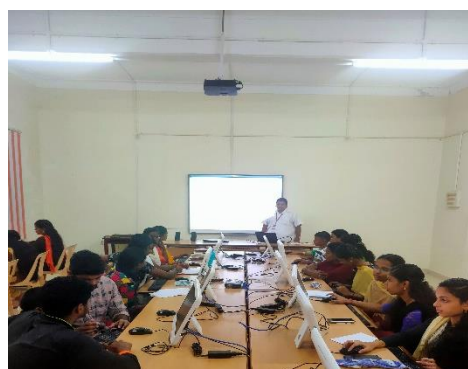

Practical Session on Ordinary Differential equations- Dr.R.Nirmalkumar

Certificate Distribution-Swami Nirmaleshananda, Secretary

Glimpse of the Program

Outcome(s) of the programme:

The participantswere able to understand

- Basic windows that available in MATLAB;
- Matrices and vectors in MATLAB;
- Script and function filesembedded in MATLAB;
- Solving integration, differentiation, algebraic equations, &Statistical analysis.

Twinning Programme

One day Workshop on "Advanced Experimental Physics"
REPORT

A work shop on "Advanced Experimental Physics" as a part of Twinning Programme was conducted by the Department of Physics on 12.07.2019 for the III year UG Physics students of Kongu Arts and Science College, Erode – 638107. During the first part of the work shop, experiments related to Magnetism, Spectroscopy, Atomic Physics, Semiconductor material, Fiber Optics and Polarisation were conducted with Guoy's Mehod, Hydrogen Spectrum, e/m-

Thomson's method, Four-Probe setup, Hall Effect, Characteristics of Optical Fiber kit and Polarimeter instruments.

The faculty members of Physics Dr. M. Sethu Raman, Dr. R. Jayaprakash(Co-odinator),Dr. R. Bharathikannanand Dr. K. Sathishkumar demonstrated the above
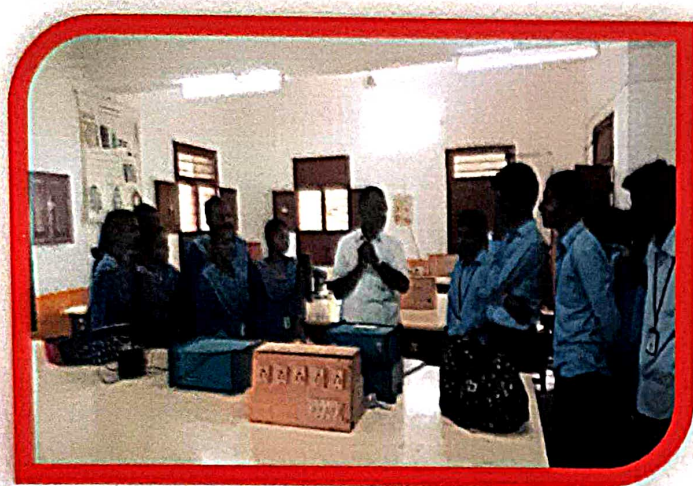

experiments with theoretical exposure in Lucid manner. The calculations of the respective experiments were done and results were recorded and compared with the standard values. The students were overwhelmedfrom their obtained experimental results on comparison with the standard values. The experiment demonstrated in the work shop waskindledthe experimental knowledgeamong the perception of the students on core concepts of Physics.

In the Inaugural function, Dr. R. Jayapraksh Co-odinator, welcomed the gathering and detailed about special features of the work shop. Dr. J. Chandrasekaran, HoD Physics mentioned the

significance of the Twinning Programme. Dr. M. Sethuraman delivered the vote of thanks.

In the Valedictory function, Dr. R. Jayapraksh Co-odinator, welcomed the gathering.Dr. J. Chandrasekaran, Convenerand HoD of Physics, deliveredpresidentialaddress and also mentioned the research opportunities available in the campus. Ms. S. Priya, Assistant Professor of Physics, Kongu Arts and Science College, spokeabout
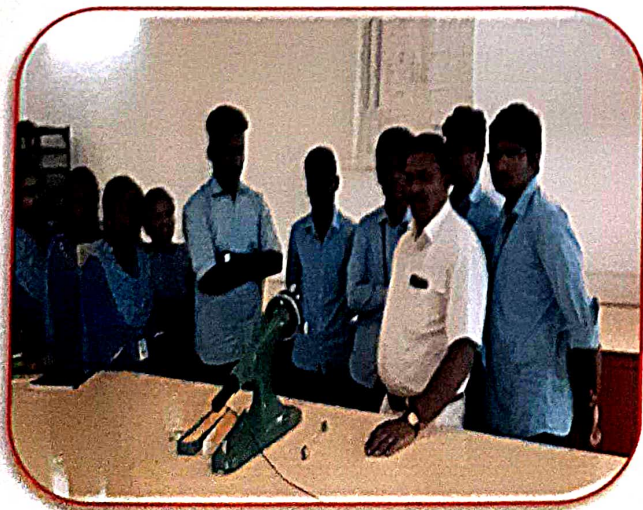

their insightful experience gained in the workshop and expressed their cooperation in all the future joint endeavors. Dr. J. Chandrasekaran, Head of the department distributed the certificates to the beneficiaries. Dr. R. Bharathikannan, Associate Professor of Physics proposed the vote of thanks.

1. **Magnetic Susceptibility of Liquids- Guoy's Method**
   - Magnetic volume susceptibility
   - Magnetic permeability
   - Mass susceptibility
   - Curie constant
   - Magnetic moment

2. **Hall effect measurements**
   - Hall coefficient
   - Hall mobility
   - Hall angle
   - Intrinsic carrier concentration
   - Type of charge carrier

3. **Characteristics of optical fiber**
   - Total internal reflection
   - Numerical aperture
   - Bending loss
   - Splice losses

4. **Polarimeter**
   - Transverse mode of propagation of electromagnetic waves
   - Plane of polarisation
   - Plane of vibration
   - Linearly, elliptically and circularly polarised light
   - Left and Right circularly polarized light
   - Specific rotatory power of an optically active compound
   - Specific rotation

5. **Hydrogen spectrum / Bhor's atom model/atomic spectra/ Quantum Chemistry and Physics**
   - Discrete energy states
   - Principal quantum numbers
   - Emission spectra
   - Wavelength and frequency of spectral lines
   - Energy between the two electronic transition states
   - Doppler broadening in spectral lines
   - Rydberg's constant
   - Balmer series-visible region
   - Maxwell-Boltzmann's distribution law
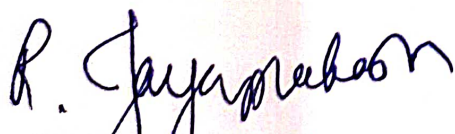

6. **e/m-Thomson's method /Atomic Physics**

- Specific charge of an electron
- Interaction between electric field and charge of an electron
- Lorentz force
- Thermionic emission
- Magnetic field development by the Helmholtz coil
- Influence of the magnetic field on an electron
- Impact of crossed electric and magnetic field on an electron

7. **Four-Probe setup/ material science/ semiconductor physics/Germanium crystal**

- Fermi energy and forbidden energy gap
- Thermally generated electrons and holes
- Recombination process in semiconductors
- Fermi function
- Fermi-Dirac quantum statistics
- Relation between momentum and energy of an electron
- Intrinsic carrier concentration
- Effective mass of an electron /a proton
- Role of exponential function
- Band theory of solids
- Response of resistivity of Ge crystal with respect to temperature
- Direct and indirect band gap semiconductor materials.

Twenty fourstudents along with 3 faculty members actively participated and benefitted in the workshop.

The students getting training from us are taking as part time technician and they are receiving good income from doing it. We are encouraging people to take this valuable course and get the benefit from the certificate that we are providing.

The feedback that we are getting after providing the training from the students are very good and from these feed backs, we are receiving orders from their own colleges and other colleges. Also we are running service center, we are troubleshooting mobiles that students could not get the solution and the mobile devices that we are getting for service we are giving good support to the students. The training that we are giving to college students are very reasonable also low in price.

Apart from taking college training our institution is equipped with trainers and devices and environment to take training session for individuals. The students going out after the training are getting very good compensation and getting valuable knowledge from their career that they are taking after the training and getting the certificate from us.
