Dignitaries and programme

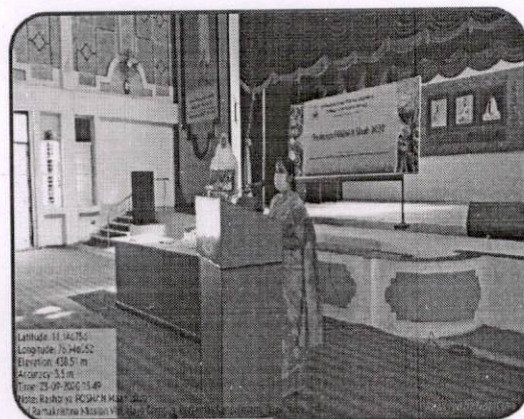

Dr. K. Thirumalaisamy, Head, Department of Social Work welcomed the gathering, introduced the resource person and explained the rationale behind organising these programmes.

Dr. R. Thangavel, Principal, Sri Ramakrishna Mission Vidyalaya College of Arts & Science, Dr. K. Kandappan, Dean, Student-support services of the College and the faculty members of the Department of Social Work were present.

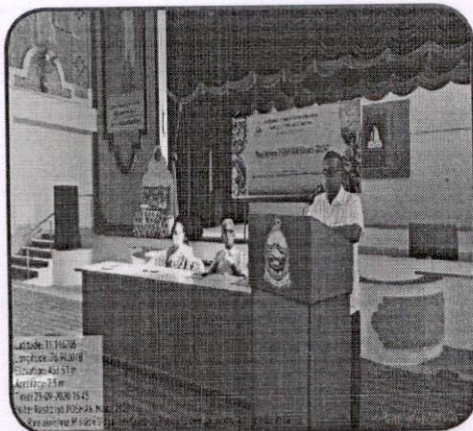

Resource Person

The resource person was Mrs. S. Sheela, Child Development Project Officer, Integrated Child Development Scheme, Periynaickenpalayam Block, Coimbatore.

The resource person created awareness through her wonderful and talk and discussion.

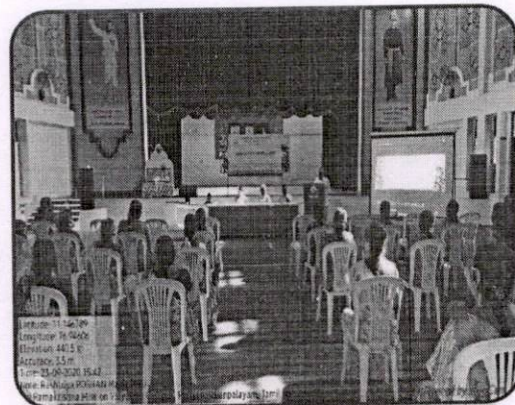

Awareness

She has started her talk by mentioning the reason behind the foundation of the Rashtriya Poshan Abhiyan. She has concentrated on the iron, zinc deficiencies normally faced by women and children, need of concentrating 1000 days during pre and post-natal periods and insisted the addition of at least one fruit, one vegetable and spinach in food to supplement carbohydrate, protein and vitamins.

She has elaborated the food to be given to the child / children during their first 1000 days. The first 270 days starts from the conception are quite important since the child in the womb gets nutritional supplements through the food intake of mother. The next 180 days, i.e first six months of child birth, only mother's milk has to be given and the next 550 days, smashed solid food should be given. Feeding mother's milk can be continued up to two years.

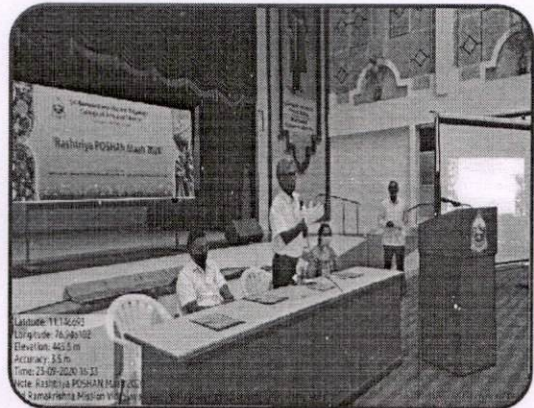

Tips given

She has suggested that the height and weight of the children should be measured every month to monitor their growth, the vaccine chart should be strictly adhered to and requested the participants to associate closely with Integrated Child Development Scheme (ICDS) of their vicinity to receive health updates and to receive the services of ICDS. She has asked the

participants to have variety of foods in their daily meals whenever possible.

Participants

Forty-three women working in Vidyalaya were the participants. Their interest in protecting their children health is shown through their questions. All queries were answered by the resource person.

Dr. R. Thangavel, Principal of the College honoured the resource person and Sri N. Sakthivel, Assistant Professor of the Department proposed vote of thanks.

IMPORTANT DAYS (NATIONAL & INTERNATIONAL)

2016 - 2017

Literary Club of our College organized declamations on important national and

international days.

Our college is organizing this event with the aim of creating awareness among the students about important historical events that have taken place in India and around the world. In particular, it focuses on the history of the Indian Independence struggle and the history of its

leaders.

Our college students read notes on the leader's birthday, movements and events in the morning student gathering. They introduce the specials of the day to other students. 46 declamations were held on this academic year. It is very helpful for students to get acquainted with the glorious history of our country and the history of the world.

IMPORTANT DAYS (NATIONAL & INTERNATIONAL)

2017 - 2018

Literary Club of our College organized declamations on important national and

international days. Our college is organizing this event with the aim of creating awareness among the students about important historical events that have taken place in India and around the world. In particular, it focuses on the history of the Indian Independence struggle and the history of its leaders. Our college students read

notes on the leader's birthday, movements and events in the morning student gathering. They introduce the specials of the day to other students. 36 declamations were held on this academic year. It is very helpful for students to get acquainted with the glorious history of our country and the history of the world.
