## ABOUT OUR COLLEGE

The college was started in 1964 with the blessings of Srimat Swami Madhavananda Maharaj and has completed 53 years of purposeful service to the student community and society.

The college follows the great ideals placed before the country by Sri Ramakrishna, Swami Vivekananda and Mahatma Gandhi. The institution believes that the greatness of a man is to be judged by his attitude, outlook and devotion rather than by the work he does. The youth of the nation should be trained to develop spiritual strength, intellectual independence and moral character. They must also learn discipline and develop the capacity to work in co-operation with others. The college has adopted the following Mission Statement:

“The College has a Unique Mission of developing youth by imparting intellectual training; equipping them with vocational skills so as to make them employable; inculcating in them right attitudes, values, and moral character; and developing a holistic personality of its students with a balanced development of head, heart and hand”.

The activities of the college are organized with these ideals and mission in view. During the last few years, the college has seen much improvement in its infrastructure and other facilities.

The college is in its 35th year of autonomy. It offers graduate programmes in English Literature, Co-operation, Mathematics, Physics, Chemistry, Electronics, Computer Science, Automobile, Production Technology (Tool & Die) and Technology in Electrical and Electronics Devices; Postgraduate programmes in Co-operation, Social Work (with Human Resource Management and Community Development as specializations), Mathematics, Physics and Chemistry; M.Phil programmes in Tamil, English, Co-operation, Social Work, Mathematics, Physics, Chemistry and Computer Science; and Ph.D programmes in Tamil, English, Co-operation, Social Work, Mathematics, Physics, Chemistry and Computer Science. The college also offers MCA, B.Sc (Computer Science), B.Com (CA), B.Com, BCA and B.Sc (IT) as unaided programmes, Diploma in Construction and Building Technology, CNC Operation under Community College Scheme, B.Voc in Automobile Technology, Production Technology (Tool & Die), and Technology in Electrical and Electronics devices under DDU KAUSHAL Kendra Scheme. In addition to the prescribed curriculum the college offers add-on courses as off-calendar instructional practice.

The college imparts man-making and character-building education. This has been made possible by giving value education at the undergraduate level itself. Daily prayers and weekly bhajans with spiritual talks are a part of the academic programme. NSS/NCC/Sports are compulsory components of all the undergraduate students (both aided and unaided courses) under Part-IV of the curriculum. During the first year, the college also offers a course in computer awareness to all the undergraduate students of non-computer streams with the help of the MCA department.

## Extra Credit Courses

Internal Quality Assessment Cell of our college recommends from (2016-17) onwards for the undergraduate of second and third year students to earn extra credits in their academics. So, the students have the options to choose one course per semester from the other departments and do self-study and write examinations.

The students are permitted to write examination with open book access system. The students who pass in the courses concerned will be added in the mark statement as well as in the consolidated mark statement and calculated as extra credits. The pass/fail in these courses no way affect the Degree Programme.

It is useful to face competitive examinations such as, TNPSE, NSE, SET, UPSC and Bank Examinations. Such extra Credits will be an added advantage while students attempt to go abroad.
